DESCRIPTORS	*Directories; *Educational Programs; *Health Occupations Education; National Surveys; Questionnaires

ABSTRACT

A directory of 4,013 hospital-administered allied health and nursing programs throughout the United States is presented in the document. Section 1, Guide to Training Programs, is designed for guidance counselors, students, and health planners. It contains an alphabetical listing of training programs within major occupational categories and provides information on program length, educational entrance requirements, and number of graduates. Section 2, Guide to Hospitals Having Training Programs, is designed for hospital administrators and health planners. It presents an alphabetical listing of hospitals having training programs by state and by city and provides information regarding the individual hospitals. Both sections are preceded by explanatory notes and a table of contents. The four-part appendix includes: (1) Screener Questionnaire, part 1 of the survey sent to hospitals; (2) Detailed Program Questionnaire, part 2 of the survey; (3) Glossary of Occupational Titles, a compilation of terms used in the document; and (4) Titles of Programs, Reported by Respondent Hospitals, not contained in the above glossary. An index lists all hospital training programs included in the directory. (LH)

PREFACE

Health Occupations Training Programs Administered by Hospitals, October 1973, is a directory of hospital-administered allied health and nursing programs in the United States. It represents the results of a survey of such programs conducted by the American Hospital Association (AHA) under a 1972 contract (No. MI - 24315) with the Bureau of Health Resources Development.* A companion directory, *Allied Health Education Programs in Junior and Senior Colleges, 1973*, is now being developed by the Bureau. Together, these two directories will provide the most comprehensive guide to allied health training programs currently available.

This publication was prepared in BHRD's Resource Analysis Staff, Howard V. Stambler, Chief, under the direction of David Ohaneson, Project Officer of the AHA contract. Bernard Ferber, Sc.D., former Director of Research Services, American Hospital Association, was the Project Director for the contract. Lorraine Richter, Director, Division of Survey Research; Andrew Korsak, Research Assistant; and other members of the AHA staff are to be thanked for their efforts in conducting the survey and in developing the directory. Both the AHA and BHRD also wish to thank the responding hospitals, without whose help this directory could not have been developed.

---

* The work on the survey was initiated in the Division of Manpower Intelligence which was a component of the Bureau of Health Resources Development (BHRD) until March 1, 1974 when it was dissolved in conjunction with the reorganization of the Bureau.

INDEX OF ALL TRAINING PROGRAMS INCLUDED IN DIRECTORY 495

INTRODUCTION

This directory provides information on 4,013 allied health and nursing training programs administered by hospitals in the United States as of October 1973. In order to make the Directory more useful to people with different interests, it consists of two sections, each preceded by explanatory notes and a table of contents.

Section I, *Guide to Training Programs*, designed primarily for guidance counselors, students, and health planners, contains an alphabetical listing of training programs classified within major occupational categories. Information is provided on program length, educational entrance requirements, and number of graduates. Potential students should, of course, contact directly programs of interest to obtain additional information. (The full address of each hospital is provided in Section II.)

Section II, *Guide to Hospitals Having Training Programs*, designed primarily for hospital administrators and health planners, presents an alphabetical listing by State and city of those hospitals having training programs. In addition to listing all training programs available at each hospital, Section II provides information about each hospital – control or ownership, the type of service provided, and the number of beds.

The *Appendix* is composed of four parts:

A. "Screener Questionnaire" is a photo copy of Part I of the survey questionnaire sent to hospitals in April 1973;
B. "Detailed Program Questionnaire" is a photo copy of Part II of the above-mentioned Survey Questionnaire sent to hospitals in October 1973;
C. "Glossary of Occupational Titles" is the compilation basic to this directory; and
D. "Titles of Programs, Reported by Respondent Hospitals, not contained in above Glossary," is self-explanatory.

The *Index* at the end of this volume lists all hospital training programs included in the directory, alphabetically and by page number.

SURVEY METHODOLOGY

The information which is reported in this publication was gathered through two data collection instruments. These were: 1) A screener questionnaire (Appendix A) to identify those training programs about which detailed information would be collected; and 2) A program questionnaire (Appendix B) to collect the detailed information. In addition, a glossary of occupational titles (Appendix C) was sent to hospital administrators to standardize the classification of training programs. A listing of health occupations training program titles other than those in the glossary reported by respondent hospitals (Appendix D) is also provided, but detailed definitions are not given.

In April 1973, the screener questionnaire was mailed to 7,529 nonmilitary hospitals in the United States. Responses were received from 89 percent of the hospitals that were recipients of the screener questionnaire.

In October 1973, questionnaires requesting detailed information about each training program identified through the screener questionnaire were sent to 2,373 hospitals that had reported at least one hospital-administered allied health or nurse training p
criteria:

1. Be operational at the time c
operation by January 1975.

stionnaires requesting detailed information
identified through the screener questionnaire
that had reported at least one hospital-administered allied health or nurse training program meeting the following criteria:

1. Be operational at the time of the survey or planned for operation by January 1975.
2. Be an independent program administered by a hospital. (Joint or cooperative programs shared with junior or senior colleges were excluded.)
3. Be designed to train persons in the patient care fields of nursing and allied health. (Programs focusing on maintenance or central services staff were excluded.)
4. Prepare people for service in an occupation or at an occupational level new to them. (Orientation, refresher courses, continuing education, and inservice training were excluded.)
5. Have a fixed schedule and be based on at least 36 hours of formally planned education which may be given in the classroom, or part in the classroom and part "on location", or may be in part demonstration or practice.

The 90 percent of the questionnaires that were returned by July 31, 1974 are the basis for this directory.*

---

* Programs not meeting the criteria for inclusion in the survey, programs to be merged or phased out, and programs responding after July 31, 1974 were excluded from this directory.

Training Programs by Major Occupational Categories (Alphabetical) 5

List of Hospital Training Programs (Detailed) 9

I. GUIDE TO TRAINING PROGRAMS

In this section, training programs are listed alphabetically within major occupational categories. The major occupational categories are also arranged alphabetically. The training programs for each health occupation are arranged by State, city, and name of hospital.

COLUMN HEADINGS AND ABBREVIATIONS (EXPLANATION)

The column headings presented in this section are abbreviated to provide maximum information in minimum space. The following provides a description of the information presented and the abbreviations used:

Length months: Length of program in months (rounded to the nearest higher month).

Year began: The first year in which the program accepted students.

Educ. required: The minimum level of education required to enter the program. The codes used are:

None – No Requirements
LT 8 GR – Less than 8th grade
8 GR – 8th grade
HS – Some high school
HS GRAD – High scho
1 COL – Less than
2 COL – 2 years of
3 COL – 3 years of
4 COL – 4 years of
A DEG – Associate
B DEG – Bachelor's
M DEG – Master's d
SEM T – Seminary
PH D – Doctor's d
LPN – Licensed
RN – Registered
X-R/MT – X-ray or m

Accred. status: Accreditation/approval ing body. The specific codes used a

No – No accred accreditati
Full – Full accred
Prov – Provisional
In proc – Accreditat

Graduates: The number of students completed the program in 1973 graduate in 1974.

NR: Information not reported.

TRAINING PROGRAMS

programs are listed alphabetically within
The major occupational categories are also
aining programs for each health occupation
name of hospital.

ABBREVIATIONS (EXPLANATION)

esented in this section are abbreviated to
in minimum space. The following provides
presented and the abbreviations used:

of program in months (rounded to the
).
ar in which the program accepted students.
imum level of education required to enter
des used are:

– No Requirements
– Less than 8th grade
– 8th grade
– Some high school

HS GRAD	– High school graduation
1 COL	– Less than 2 years of college
2 COL	– 2 years of college (without degree)
3 COL	– 3 years of college
4 COL	– 4 years of college (without degree)
A DEG	– Associate degree
B DEG	– Bachelor's degree
M DEG	– Master's degree
SEM T	– Seminary training
PH D	– Doctor's degree or doctoral candidate
LPN	– Licensed Practical Nurse
RN	– Registered Nurse
X-R/MT	– X-ray or medical technologist

Accred. status: Accreditation/approval status by recognized accrediting body. The specific codes used are:

No	– No accreditation mechanism exists or accreditation is not being sought.
Full	– Full accreditation
Prov	– Provisional accreditation
In proc	– Accreditation/approval is in process

Graduates: The number of students who graduated or otherwise completed the program in 1973 and number expected to graduate in 1974.

NR: Information not reported.

Guide to Hospitals Having Training Programs 279

Column Headings and Abbreviations (Explanation) 281

States and U.S. Possessions (Page Index) 283

List of Hospitals Having Training Programs (Detailed) . . . 285

II. GUIDE TO HOSPITALS HAVING TRAINING PROGRAMS

In this section, hospitals are arranged alphabetically within State and city. The training programs available at each hospital are then arranged alphabetically within major occupational categories. However, the major occupational categories are not listed – only the training program titles are shown.

COLUMN HEADINGS AND ABBREVIATIONS (EXPLANATION)

As in Section I, the column headings presented are abbreviated to provide maximum information in minimum space. The following provides a description of the information presented and the abbreviations used:

Beds: The number of adult and pediatric beds regularly available for inpatients as of September 30, 1973, as reported in the AHA's Annual Survey.

Control: The specific codes used to designate hospital control (or ownership) are:

- Governmental, Nonfederal
  - 12 – State
  - 13 – County
  - 14 – City
  - 15 – City/County
  - 16 – Hospital District or Authority
- Nongovernmental, Not-for-profit
  - 21 – Church Operated
  - 23 – Other Not-for-profit
- Nongovernmental, For profit
  - 31 – Individual For-profit
  - 32 – Partnership For-profit
  - 33 – Corporation For-profit
- Governmental, Federal
  - 44 – Public Health Service Other than 47
  - 45 – Veterans Administration
  - 46 – Federal Other Than 41-45, 47-48
  - 47 – Public Health Service Indian Service
  - 48 – Department of Justice

Osteopathic

61 – Church Operated
63 – Other Not-for-profit
71 – Individual For-profit
72 – Partnership For-profit
73 – Corporation For-profit

Service: The specific codes used to designate the type of service the hospital provides:

10 – General Medical and Surgical
11 – Hospital Unit of an Institution
12 – Hospital Unit within a Mental Retardation School
22 – Psychiatric
33 – Tuberculosis and Other Respiratory Diseases
42 – Narcotic Addiction
44 – Maternity
45 – Eye, Ear, Nose, and Throat
46 – Rehabilitation
47 – Orthopedic
48 – Chronic Disease
49 – Other Specialty
62 – Institution for Mental Retardation
82 – Alcoholism

Service primarily to Children:

50 – Childrens General
51 – Childrens Hospital Unit of Institution
52 – Childrens Psychiatric
53 – Childrens Tuberculosis and Other Respiratory Diseases
55 – Childrens Eye, Ear, Nose, and Throat
56 – Childrens Rehabilitation
57 – Childrens Orthopedic
58 – Childrens Chronic Disease
59 – Childrens Other Specialty

SURVEY OF PREPARATORY EDUCATION PROGRAMS IN HOSPITALS

Office of Management and
Budget No. 68-5-73008
Approval Expires December 30

AHA Nur

SECTION A. NURSING AND ALLIED HEALTH TRAINING PROGRAMS

This section of the questionnaire is concerned with hospital programs which have ALL of the following characteristics:

- Is now operational or planned for operation by January, 1975.
- Is designed to train persons in the patient-care fields of nursing and allied health. (Training programs focusing on maintenance or central service are excluded from this study.)
- Prepares people for service in an occupation or at an occupational level new to them. (Orientation, refresher courses, continuing educatio inservice should be excluded.)
- Has a fixed schedule and is based on at least 36 hours of formally planned education which may all be given in the classroom, or part in the class and part "on location", or may in part be demonstration or practice.

A-1 Does your hospital have one or more nursing and allied health training programs that have ALL characteristics as described in item A above?

☐ Yes ☐ No

If your answer is "No", please skip to Section B. (Reverse Side)

If your answer is "Yes", please continue with Section A-2 and complete the questionnaire before returning the form in the enclosed envelope.

A-2 Please indicate with an (x) the programs that are operational and those that are not operational now but are planned for operation by January 1, Report only those programs that have at least 36 hours of formally planned education and that are designed to prepare people for service in an occupat at an occupational level new to them. (Please refer to criteria specified at the beginning of Section A.) ALSO indicate whether the program is (cooperative) or independent program and what portion of the program your hospital provides.

Program	Status		Joint or Cooperative Program				Independent Program ministered by your ho	
			Shared with		Portion Your Hospital Provides (if applicable check both)		Portion Your Hospital Provides (if applicable check both)	
	Operational	Planned for Operation	Junior or Senior College	Other	Clinical or on-the-Job Training	Classroom and/or Laboratory	Clinical or on-the-Job Training	Classro and/ Labora

SECTION B. MEDICAL, DENTAL AND OSTEOPATHIC TRAINING PROGRAMS

In order to verify the information currently on our file, please check (x) the following programs which are operational in your hospital.

- ☐ Internships
- ☐ Residencies
  - number of separate programs ______________
- ☐ Fellowships
- ☐ Student Clinical Clerkships (medical, dental, osteopathic)
- ☐ None of the above.

If there are any questions about this survey, who should be contacted?

____
Name Title

____
Area Code Telephone Number

B. DETAILED PROGRAM QUESTIONNAIRE

Please return by November 16, 1973, to the American Hospital Association, 840 North Lake Shore Drive, Chicago, Illinois 60611

Office of Management and
Budget No. 68-S-73008;
Approval Expires June 30, 1974

SURVEY OF PREPARATORY EDUCATION PROGRAMS IN HOSPITALS
QUESTIONNAIRE II

October 1973

FOR
AHA
USE
ONLY
Card 5
CO'.
13-26

On our Survey of Preparatory Education Programs sent to you in April 1973, your hospital reported the training program recorded on the label below.

1. Please provide the information indicated below for the person directly responsible for the operation of the program. *(Please print or type.)*

Name ____________________

Title ____________________

Area Code ______ Phone No. ____________

Department ____________________

Hospital File Copy

2. By what title is the program known at your hospital? ____________________

3. Does the program have the following characteristics?

	Yes	No	
a) Operational	☐	☐	27
b) Independently administered by the hospital (*NOT* part of a junior or senior college degree program)	☐	☐	28
c) Based on at least 36 hours of formally planned instruction which is given either in the classroom or in a work-related location	☐	☐	29
d) Designed to train persons in patient care fields of nursing or allied health	☐	☐	30
e) Intended to prepare people for service in an occupation or at an occupational level new to them (EXCLUDES orientation, refresher courses and continuing education)	☐	☐	31

If the program *does not* have ALL of the above characteristics, please skip the remaining questions, sign, date, and ***return the questionnaire*** to the American Hospital Association.

If the program *does* have ALL of the above characteristics, please complete the questionnaire.

4a. Please review the *Glossary of Occupational Titles* and indicate below the code number of the occupation which most closely resembles that for which the students in this program are being trained.

Occupational Title Code ☐☐ - ☐☐ 32-35

4b. If no title approximates the occupation for which the students are being trained, please give the occupational title and description of the occupation.

Occupational Title ____________________

Description ____________________

____

Card 6

5. Which of the following definitions describes the program? (Check one only) 36

☐ **Basic Occupational Preparation:** Program designed to provide students with the knowledge and skills needed to work in a specific occupation at the entry level of that occupation. Admission to the program does not require previous formal training in the occupation but may build on previous informal training or practical experience. Typically, this type of program grants the "first professional degree," leads to certification or licensure, or prepares the student for an entry-level job.

☐ **Advanced Education or Training:** Program designed to provide health workers with formal education or training beyond that which is offered as "Basic Occupational Preparation," *and* confers additional professional recognition in a specific discipline or occupation. This type of program includes *specialty training* to qualify an individual in a recognized specialty of his discipline, for which there are specific educational requirements beyond "Basic Occupational Preparation." Included here would be programs such as nurse specialty programs.

6. What is the minimum previous educational level *required* for entry into the program? 37-38

01 ☐ None

02 ☐ Some high school (Specify minimum grade____________) 39-40 ☐☐

03 ☐ High school graduation or certificate of high school equivalency

04 ☐ Less than 2 years of college

05 ☐ 2 years of college (without degree)

06 ☐ Registered nurse preparation

07 ☐ Associate degree

08 ☐ 3 years of college

09 ☐ 4 years of college (without degree)

10 ☐ Bachelor degree

11 ☐ Other (please specify)____

____

7a. Is any specialized work experience *required* for admission to the program? 41

☐ Yes ☐ No If No, skip to question 8.

7b. If Yes, how many minimum months________ and what type of specialized work experience? 42-43 ☐☐

____ 44-57 ☐☐

____ ☐☐

____ ☐☐

____ ☐☐

____

8. Can students enroll on a part-time basis?

☐ Yes ☐ No 58

9. Is admission restricted to employees of this institution?

☐ Yes ☐ No 59

10a. How often is the program offered? (check one only) 60 ☐

1 ☐ No regular schedule (program offered as needed).

2 ☐ Less than once a year. Once every________months.

3 ☐ Once a year.

4 ☐ More than once a year.

10b. How many times has the program been conducted in the past 3 years? ____________ 61-62 ☐☐

Card 5

11. In what calendar year did the program first accept students? ________ 63-66

If date not known, please estimate the number of years this program has been in operation ________ years.

12. As part of this program do students receive any part of their education/training at another institution?

☐ Yes ☐ No 67

13.

> **DEFINITIONS: EDUCATION/TRAINING ACTIVITIES**
>
> *Didactic* instruction consists of structured teaching activities in a classroom or classroom-type setting.
>
> *Clinical* instruction involves the trainee in actively developing defined skills and knowledge under the supervision of professional health personnel in a work environment.

Please review the definitions above and then indicate how many clock hours the student spends during the entire program at your hospital and/or at some other institution.

	Hours	
Instruction at your hospital:		Card 6
Didactic	______	13-17
Clinical	______	18-22
Instruction at another institution:		
Didactic	______	23-27
Clinical	______	28-32
Total	______	33-37

14. How long does it take a student (full-time, entering without advanced standing) to complete the program, including all didactic and clinical education/training and normal vacation time? (Report either months or weeks.) 38-41

Number of calendar months ______ Or number of weeks ______

15a. Does the student who successfully completes the program receive a degree, certificate or diploma? (Exclude certificate of attendance.)

☐ Yes ☐ No If No, skip to question 16a 42

15b. If Yes, indicate the institution conferring the award and the type of award given. (If more than one institution confers an award, please check all appropriate boxes.) 43-58

		1	2	3	4	5
		Type of Award				
	Institution conferring the award	Occupational/vocational certificate	Diploma	Associate degree	Bachelor degree	Other (please specify below)
1	This hospital					
2	Another hospital					
3	High school, vocational school or Board of Education					
4	2 year college					
5	4 year college or university					
6	Professional association					
7	Other (please specify)					

16a. Is the PROGRAM accredited or approved by a *national* agency or a *national* health professional association? (Accreditation is the process by which an agency or an organization evaluates and recognizes a *program of study* as meeting certain predetermined qualifications or standards. This does not mean accreditation of the hospital as a whole or budgetary approvals by funding agencies.)

Card 7
13

1 ☐ Program is accredited/approved. (Continue with question 16b.)
2 ☐ Program accreditation/approval is in process. (Continue with question 16b.)
3 ☐ No accreditation/approval exists for this type of program. (Skip to question 16c.)
4 ☐ Program accreditation/approval mechanism exists but is not being sought. (Skip to question 16c.)
5 ☐ Program is too new to seek accreditation/approval. (Skip to question 16c.)

16b. If this program is accredited/approved or is in the process of being accredited/approved, please check the agency(ies) which approves the program and indicate the status. (If other agencies are specified below, please indicate the complete name and *NOT* letters or abbreviations.)

14 ☐

Agency	Year Program Last Accredited/ Approved	Status of Accreditation/Approval F = Full P = Provisional IP = In Process
01 ☐ Accrediting Commission of Graduate Education for Hospital Administration	________	________
02 ☐ American Academy of Pediatrics	________	________

39-44
45-50
51-56

16c. **For RN and LPN programs only:**
Is this program approved by the State Board of Nursing?
☐ Yes ☐ No

17a. **What is the total *tuition* required of each student to complete the program?**
Exclude room, board, lab fees, etc. *Enter "0" if there is no charge to the student.*
Tuition $ ________________ *Card 8* 13-17

17b. **What expenditures other than tuition are required of students in the program?**
If a detailed breakdown is not available, please estimate.

	Expenditures Actual		Estimated	
1. Books	$ ________	or	$ ________	18-22
2. Lab fees	$ ________	or	$ ________	23-27
3. Uniforms	$ ________	or	$ ________	28-32
4. Instruments	$ ________	or	$ ________	33-37
5. Other supplementary costs	$ ________	or	$ ________	38-42
Total (items 1-5)	$ ________	or	$ ________	43-47

18a. Are institutional housing accommodations available?
☐ Yes ☐ No If No, skip to question 19a. 48

18b. If Yes, what is the *MONTHLY* charge for housing? (If free, enter "0".)
Charges $ ________________ per month 49-53

19a. Does your institution provide a stipend to any students in this program?
☐ Yes ☐ No If No, skip to question 20a. 54

19b. If Yes, estimate the average *MONTHLY* stipend provided.
$ ________________ per month 55-60

19c. Is a stipend provided throughout the entire program?
☐ Yes ☐ No 61

20a. Are training salaries paid to students for any portion of the program?
☐ Yes ☐ No If No, skip to question 21. 62

20b. If Yes, estimate the average *WEEKLY* salary paid to the student.
$ ________________ per week 63-68

20c. Is a salary paid throughout the entire program?
☐ Yes ☐ No 69

21. Is this program approved by the Veterans Administration for attendance under the GI bill?
☐ Yes ☐ No 70

22a. Was there a class or classes in progress as of October 15, 1973? Card 9
(A class is a group of students entering the program at the same time.)
☐ Yes ☐ No If No, skip to question 24. 13

22b. Were there any students in the program as of October 15, 1973 for the sole purpose of obtaining clinical training for a program administered by another institution?
☐ Yes ☐ No If No, skip to question 22d. 14

22c. If Yes to 22b, how many students were in the program for the sole purpose of obtaining clinical training for a program administered by another institution?

	Full-Time	Part-Time	
Male	________	________	Card 9 15-20
Female	________	________	21-26
Total	________	________	27-32

22d. What was the enrollment of each class in progress as of October 15, 1973?
(A class is a group of students entering the program at the same time. Do not include students who are in the class for the sole purpose of obtaining clinical training for a program administered by another institution.)

Entering date of each class	Full-time students			Part-time students			
	Total	Male	Female	Total	Male	Female	
							33-50
							51-68
							Card 10 13-30
							31-48

Total students ________ 49-51

23a. In the following table, fill in the racial/ethnic distribution of the students in all classes in progress as of October 15, 1973?
(Report each student in the racial/ethnic group with which the student most closely identifies. EACH STUDENT SHOULD BE REPORTED IN ONLY ONE GROUP. The total number of students reported below should equal the total number reported in question 22d.)

Racial/ethnic group	Total	Male	Female	
White				52-60
Black (Afro-American)				61-69
Oriental/Asian				70-78
American Indian				Card 11 13-21
Spanish surname or Spanish speaking (Puerto Rican, Latin American, Cuban, Mexican American, Chicano)				22-30
Other (please specify, e.g., Filipino, Eskimo, etc.)				31-39
Total students				40-48

23b. How many of the above students are foreign students (noncitizens)? ____________ Card 12 13-15

24. How many students graduated and/or otherwise successfully completed the program in the years 1970 to 1972?
(If more than one class per year completed the program, please report the total for all classes.)

__________ 1970 __________ 1971 __________ 1972 16-24

25. Estimate the total number of students you expect will graduate or successfully complete the program in the following years.

__________ 1973 __________ 1974 __________ 1975 25-33

26. How many students who graduated and/or otherwise successfully completed the program in 1972 were offered jobs and accepted employment in your hospital?

__________ Number of students offered jobs. 34-36

__________ Number of students who accepted employment. 37-39

27. On the average, what percentage of the students entering the program successfully complete it? Card 12 40-42

__________ %

28. Given present standards, facilities, and resources, what is the maximum number of students (capacity) who could have completed this program in 1973?

__________ students 43-45

29a. Are you now implementing or planning to implement within the next two years a significant change in the student capacity of this program? 46

1 ☐ No change is planned. (Skip to question 30.)
2 ☐ Yes, program is being expanded. (Skip to question 30.)
3 ☐ Yes, program is being curtailed. (Complete question 29b.)
4 ☐ Yes, program is being phased out or merged with another program. (Complete question 29b.)

29b. Please check the degree of influence each of the reasons listed below had on your decision to curtail, phase out or merge program.

	1	2	3	4	
	Degree of Influence				
Reasons for curtailment or phasing out	None	Slight	Moderate	Strong	
Limited employment opportunities for graduates in this specialty					47
Limited employment opportunities for graduates in this hospital					48
Difficulty in recruiting additional students					49
Limited operating funds					50
Inability to recruit qualified faculty when funds are available					51
Limited time for teaching by hospital personnel					52
Inadequate clinical training facilities					53
Insufficient student financial aid					54
Program size limited by accrediting association					55
Other (Please specify) __________					56-71

30. Has this program received any funds in 1973 from the Manpower Development and Training Act (MDTA) or the National Alliance of Businessman (JOBS)?

	Yes	No	
MDTA	☐	☐	72 ☐
JOBS	☐	☐	73 ☐

Questionnaire Evaluation

A. Approximately how long did it take you to complete this questionnaire? ____________________

B. Did you have difficulty with any of the questions? (Please explain)

C. Please note any issues of concern to your hospital not covered by this questionnaire.

D. Please indicate below whether the data reported on education/training activities (question 13), and racial/ethnic distribution (question 23), are based on actual records or are estimates.

	Based on records	Estimates
Education/training activities (question 13)	______	______
Racial/ethnic distribution (question 23)	______	______

GLOSSARY OF OCCUPATIONAL TITLES

01 **ADMINISTRATION, PLANNING, AND OFFICE personnel function at various levels to maintain and operate clinical offices and institutions and to plan for improved health care and delivery.**

01-05 *Health Economist.* Applies specialized knowledge of the laws of supply and demand, marketing, polling, econometrics, and motivation research to permit the efficient delivery of health services.

01-10 *Health Facilities Administrator.* Occupies top level positions in a variety of health care settings: official health agencies, long-term care facilities, hospitals, social service agencies, voluntary and tax paying health agencies, and public health agencies. Policy development, activity coordination, procedural development and planning are the primary functions of the position.

01-15 *Health Facilities Assistant Administrator.* Occupies middle management positions in a variety of clinical and health facility settings: public and private health agencies, long-term care facilities, hospitals, social service agencies.

01-20 *Health Planner.* Works in state and areawide health planning agencies and related programs implementing community goals, including planning and evaluating developmental policies.

01-25 *Health Systems Analyst.* Develops and applies the principles of industrial and systems engineering, operations research, and management to the design, evaluation, and implementation of improved health care.

01-*30 Hospital Administrator.* Manages the business affairs of hospitals to carry out hospital policies and projects, to coordinate the effort of hospital personnel, and to provide facilities for all departments.

01-*35 Hospital Assistant Administrator.* Works under the supervision of hospital administrators as department administration assistants for the areas of finance, organization, personnel, purchasing, accounting, and voluntary services.

01-*40 Medical Dental Secretary.* Assists physicians and/or dentists through the use of medical shorthand, typing, filing, accounting, appointment scheduling, receptionist duties, and office management.

01-*45 Medical Office Assistant.* Assumes responsibility for routine administrative, clerical, and record keeping procedures in a physician's office, assists the physician in medical examinations and treatments, and cares for medical equipment and supplies.

01-*50 Rehabilitation Administrator.* Manages a rehabilitation agency's business aspects: Personnel, budget control, public relations work, training, programs planning, and services coordination.

01-*55 Unit Clerk.* Handles routine clerical and reception work in a floor nursing unit, receiving patients and visitors, scheduling appointments, and monitoring the location of all ward staff. (Ward Clerk)

03 BIOMEDICAL ENGINEERING personnel combine basic engineering and biomedical sciences in order to design, assemble, and adapt medical devices, instruments, and processes to improve the quality and cost in the delivery of medical health care.

03-*05 Biomedical Engineer.* Utilizes engineering ideas and techniques in the development of new instruments, equipment, processes, and systems for the medical care of patients and improvement of health systems.

03-*10 Biomedical Engineering Technician.* Assembles, maintains, and adapts medical devices, instruments, and equipment to assist biomedical engineers, physicians, and scientists in the development of new medical equipment and new systems for the delivery of medical and health care. (Biomedical Equipment Technician)

05 CLINICAL LABORATORY SERVICES personnel work in a clinical laboratory setting, collecting, mounting, processing, classifying and analyzing laboratory specimens.

05-*05 Blood Bank Technologist.* Medical technologist working under the direction of a pathologist, physician, or laboratory director, prepared to collect, classify, store, and process blood, including preparation of components from whole blood, detection and identification of antibodies in patient and donor bloods, and selection and delivery of suitable blood for transfusion.

05-*10 Chemistry Technologist.* Works under the supervision of a pathologist, physician, or qualified scientist, in performing qualitative and quantitative chemical analysis of body fluids and exudates, utilizing quantitative equipment and a wide range of laboratory instruments, to provide information for diagnosing and treating diseases.

05-*15 Cytotechnologist.* Works under the supervision of a pathologist, physician or medical technologist, in handling, staining, mounting, and evaluating cells from the human body to determine cellular variations and abnormalities such as cancer and other physiologic changes.

05-*20 Hematology Technologist.* Works under the supervision of a hematologist, medical technologist, or laboratory director, in performing quantitative, qualitative, and coagulation tests on cellular and plasma components of blood for use in the diagnosis and treatment of disease.

05-*25 Histologic Technician.* Works under supervision of a pathologist, physician, or medical technologist in sectioning, staining, and mounting human or animal tissues and fluid for microscopic study by pathologists or other qualified individuals.

05-*30 Medical Laboratory Assistant.* Works under the direct supervision of a medical technologist, pathologist, physician, or qualified scientist, in performing laboratory procedures requiring basic technical skills and minimal independent judgment, in chemistry, hematology, and microbiology. (Certified Laboratory Assistant)

05-*35 Medical Laboratory Scientist.* Performs clinical analysis procedures and research in the medical clinical laboratories utilizing disciplines such as chemistry, biochemistry, bacteriology, and microbiology.

05-*40 Medical Laboratory Technician.* Works under the supervision of a medical technologist, pathologist, or physician, in performing more complex or specialized bacteriological, biological, and chemical tests, requiring limited independent judgment or correlation competency, to provide data for use in the diagnosis and evaluation of effective treatment of disease.

05-*45 Medical Technologist.* Performs a wide range of complex and specialized procedures in all general areas of the clinical laboratory, making independent and correlation judgments, and working in conjunction with pathologists, physicians, and qualified scientists. May supervise and/or teach laboratory personnel.

05-*50 Microbiology Technologist.* Works with a minimum of supervision by a pathologist, physician or laboratory director, in performing many bacteriological, [illegible], immunologic, and serologic procedures in a clinical laboratory setting.

05-*55 Public Health Laboratory Scientist.* Performs clinical laboratory procedures and research with specific public health focus or within a public health setting.

07 DENTAL SERVICES personnel render varieties of services to the dentist; they do general office work, laboratory work, and they assist the dentist at the chairside.

07-20 *Dental Assistant.* Assists dentist at the chairside in dental operatory, performs reception and clerical functions, and carries out dental radiography and selected dental laboratory work.

07-25 *Dental Hygienist.* Works under the supervision of dentist in providing services to dental patients, such as performing complete oral prophylaxis, applying medication, performing dental radiography, and providing dental education services both for chairside patients and in community health projects.

07-30 *Dental Technician.* Prepared to construct complete and partial dentures, make orthodontic appliances, fix bridgework, crowns, and other dental restorations and appliances, as authorized by dentists. (Dental Laboratory Technician)

10 DIETETIC AND NUTRITIONAL SERVICES personnel translate nutritional needs into the selection, purchasing, preparation, and service of appropriate foods, along with maintenance of equipment, sanitation, and cost control. They provide nutritional education to individuals and groups, and serve as nutritional consultants to health facilities and communities.

10-05 *Dietary Aide.* Performs nontechnical food preparation routines, as directed by a supervisor, serves meals to patients, and assists with other food related jobs in health care facilities.

10-10 *Dietetic Technician.* Functions as middle management and service personnel in the nutritional care of individuals in health care facilities, assisting with the planning, implementation, and evaluation of food programs, working with both the food service supervisor and the dietitian.

10-15 *Dietitian.* Applies the principles of nutrition and management in administering institutional food service programs, plans special diets at physician's requests, and instructs individuals and groups in the application of nutrition principles to the selection of food.

10-20 *Dietitian Nutritionist.* Applies the principles of nutrition and management in administering institutional food service programs, instructs individuals and groups about nutritional requirements and food selection, and performs nutrition research.

10-25 *Food Service Supervisor.* Writes food menus following dietetic specifications, coordinates food service to patients, orders supplies, maintains sanitation and oversees the work of food service employees in health care facilities. (Dietetic Assistant)

10-30 *Nutritionist.* Adapts and applies food and nutrient information to the solution of food problems, the control of disease, and the promotion of health, performs nutrition research, instructs groups and individuals about nutritional requirements, and helps people develop meal patterns to meet their nutritional needs.

13 EMERGENCY SERVICES personnel administer temporary medical help by responding to, evaluating, and assisting in emergency conditions.

13-05 *Ambulance Attendant.* Provides first aid and assistance in the transportation of critically ill and injured persons to a medical facility.

13-10 *Emergency and or Disaster Specialist.* Develops and implements hospitalwide procedures for dealing with inhouse and community emergencies and disasters.

13-15 *Emergency Medical Technician.* Responds to medical emergency calls, evaluates the nature of the emergency, and carries out specified diagnostic and emergency treatment procedures under standing orders or the specific directions of a physician.

16 ENVIRONMENTAL SERVICES personnel inspect, evaluate, and gather data for their use in the design, operation, and control of systems for prevention and elimination of environmental hazards.

16-05 *Environmental Engineer.* Applies engineering principles to the control, elimination, and prevention of environmental hazards such as air pollution, water pollution, solids pollution, and noise pollution. (Sanitary Engineer)

16-10 *Environmental Engineering Assistant.* Works with and assists the environmental engineer in his task of designing and controlling systems to eliminate and control environmental health hazards.

16-15 *Environmental Health Technician.* Assists in the survey of environmental hazards and performs technical duties under professional supervision in many areas of environmental health such as pollution control, radiation protection, and sanitation protection. (Sanitarian Technician) *

16-20 *Environmentalist.* Plans, develops and implements standards and systems to improve the quality of air, water, food, shelter, and other environmental factors, manages comprehensive environmental health programs, and promotes public awareness of the need to prevent and eliminate environmental health hazards. (Sanitarian)

16-25 *Industrial Hygienist.* Conducts health programs in industry to measure, and help control, eliminate, and prevent occupational hazards and diseases.

16-30 *Sanitarian Aide.* Collects and measures environmental sanitation conditions and implements corrective action on health hazards for which specific guidelines exist.

19 HEALTH EDUCATION personnel acquaint groups and individuals with the standards of optimum health and the principles of achieving and maintaining optimum health.

19 - *05 Community/Public Health Educator:* Alerts community groups and individuals to changing patterns of health care, to health hazards, and to activities which will promote community health and safety.

19 - *10 School Health Educator:* Teaches elementary, secondary and college students principles of personal health sciences, total fitness, family living, consumer and environmental health and community health trends and resources.

22 HEALTH-RELATED TEACHER PREPARATION combines teaching skills and health expertise in preparing: 1. Instructors of individuals who are physically disabled, emotionally disturbed, or mentally retarded; and 2. Allied Health Professionals who desire to teach within their specialty area.

22 - *05 Allied Health Educator:* Teaches the specialty in which he was trained to students being prepared in the discipline. May also supervise other individuals in his occupation.

22 - *10 Teacher of the Deaf:* Adapts methods and curricula in the teaching of special skills, elementary, and secondary school subjects to deaf and hard-of-hearing pupils.

22 - *15 Teacher of the Emotionally Disturbed:* Conducts educational programs for emotionally disturbed pupils.

22 - *20 Teacher of the Learning Disabled:* Develops and implements educational programs to assist children in overcoming or compensating for learning disabilities such as aphasia, dyslexia, or other related problems.

22 - *25 Teacher of the Mentally Retarded:* Develops and implements educational programs for trainable or educable mentally retarded persons according to the pupil's level of learning.

22 - *30 Teacher of the Physically Handicapped:* Develops and implements academic and recreational programs for handicapped persons after evaluating the physical limitations, abilities, and needs of the individual.

22 - *35 Teacher of the Visually Handicapped:* Teaches academic and practical skills to the blind or visually handicapped through the use of braille and other specialized methods.

25 INFORMATION AND COMMUNICATION personnel apply a communications orientation to the development, presentation, organization and recording of medical facts and material for the benefit of medical personnel and the general public.

25 - *05 Health Writer:* Specializes in the writing of health or medical materials.

25 - *10 Medical Communications Specialist:* Knows the properties and capabilities of communication media and applies this knowledge to the design and improvement of communication processes in the health field.

25 - *15 Medical Computer Specialist:* Combines a knowledge of computer science and health science to provide systems and programming support in the medical field.

25 - *20 Medical Illustrator:* Demonstrates medical facts by visual presentations, drawings, models, photographs, exhibits, and television.

25 - *25 Medical Librarian:* Combines a degree in library science with specialized knowledge of medical librarianship and bibliography, to acquire, organize, catalog, retrieve, and disseminate medical information.

25 - *30 Medical Library Assistant:* Combines training in library technology and health subjects to assist medical librarians in the process of acquiring, organizing, cataloging, retrieving, and disseminating medical information.

25 - *35 Medical Photographer:* Visually presents medical facts by means of lantern slides, motion pictures, photographs of patients, reproduction of x-rays, and photomicrographs.

34 MEDICAL INSTRUMENTATION AND MACHINE OPERATION personnel maintain and/or operate equipment and instruments which supplement and support body functions, or which provide diagnostic or therapeutic services.

34 - *05 Cardiopulmonary Technician:* Performs a wide range of tests related to the functions and therapeutic care of the heart-lung system, assists in cardiac catherization and cardiac resuscitation, and assists in the post-operative monitoring, care, and treatment of heart-lung patients.

34 - *10 Cardiovascular Technician:* Monitors and records physiologic data in cardiac catheterization, performs specific tests during procedures, and assists in patient care.

34 - *15 Dialysis Technician:* Operates and maintains an artificial kidney machine following approved methods and techniques to provide dialysis treatment for patients with kidney disorders or failures.

34 - *20 Electrocardiograph Technician:* Operates and maintains electrocardiograph machines, records electromotive variation in heart muscle action, and provides data for diagnosis and treatment of heart ailments by physicians.

34 - *25 Electroencephalographic/Electrocardiographic Technician:* Operates and maintains both electroencephalographic and electrocardiographic machines.

34 - *30 Electroencephalographic Technician:* Operates and maintains electroencephalographic machines, recording brain waves on a graph to be used by physicians in the diagnosis of brain disorders.

34 - *35 Electromyographic Technician:* Assists physicians in recording and analyzing bioelectric potentials which originate in muscle tissue, including the operation of various electronic devices, maintenance of electronic equipment, assisting with patient care, and recordkeeping.

34 - *40 Respiratory Therapist:* Administers respiratory care under the direction of a physician, evaluating the patient's progress, and making recommendations for respiratory therapy. His proficiencies include ventilatory therapy, cardio-respiratory rehabilitation, micro-environmental control, and diagnostic testing of the respiratory system. (Inhalation Therapist)

34-*45 Respiratory Therapy Technician:* Routinely treats patients requiring noncritical respiratory care, recognizes and responds to a limited number of specified patient respiratory emergencies.

37 MEDICAL RECORD personnel plan, organize and manage patient information systems and statistical reports for medical and administrative staff use and health care research.

37-*05 Medical Record Administrator:* Plans, designs, develops, and manages systems of patient information, administrative and clinical statistical data, and patient medical records, in all types of health care institutions.

37-*10 Medical Record Technician:* Serves as the skilled assistant to the medical record administrator carrying out the technical work of coding, analyzing, and preserving patients' medical records, and compiling reports, disease indices, and statistics in health care institutions.

37-*15 Medical Transcriptionist:* Skilled in typing, medical spelling, medical terminology, and the proper format of medical records and reports, prepared to transcribe medical dictation using mechanical dictating equipment.

40 MENTAL HEALTH personnel assist the health professionals in the prevention and treatment of mental disorders through recreational, occupational, and educational programs.

40-*05 Mental Health Associate Technician/Assistant:* Works under the supervision of professional personnel in supplementing physical care for persons with emotional problems through recreational, occupational, and readjustment activities including participation in group therapy, work with the clients' families, referral to community agencies, and home visits to patients after their release from an institution.

40-*10 Mental Health Technologist:* Works with other mental health professionals in diagnosing psychiatric disorders, counseling and planning treatment for the emotionally disturbed or mentally retarded.

40-*15 Mental Retardation Aide:* Works under the supervision of a professional staff in attending to the physical needs and well being of mentally retarded patients and in assisting with teaching and recreation processes.

40-*20 Psychiatric Aide:* Works under the supervision of professional personnel in caring for mentally ill patients in a psychiatric medical care facility, assisting in carrying out the prescribed treatment plan for the patient, maintaining consistent attitudes in communicating with the patient in keeping with the treatment plan, and carrying out assigned individual and group activities with patients.

42 NUCLEAR MEDICINE personnel prepare or use radioactive nuclides in laboratory procedures, scanning-imaging, and function studies for diagnostic, therapeutic, and research purposes.

42-*05 Nuclear Medicine Technologist/Technician:* Works under the supervision of a physician in administering and measuring radioactive nuclides in diagnostic and therapeutic applications utilizing a variety of techniques and equipment.

42-*10 Radiopharmacist:* Prepares, stores, handles, dilutes, and pharmaceutically formulates products labeled with radioactive nuclides and develops new radiopharmaceuticals.

43 NURSING AND RELATED SERVICES personnel assist the physician in bedside patient care, in the direction of patient care services within a clinical unit, and provide specialty services as required by institutional and community needs.

43-*01 Registered Nurse:* Responsible for the direct care of patients by assisting the physician in administering medications and treatments and by planning, giving, and supervising nursing care.

43-*35 Practical Nurse:* Participates in the direct basic care of patients under the supervision of a physician or Registered Nurse by various activities as taking temperatures, pulse and blood pressures, administering medication, and performing medical-surgical aseptic techniques. (Licensed Practical Nurse, Licensed Vocational Nurse)

43-*40 Nurse Aide:* Performs tasks delegated or assigned by the professional nursing staff, including making beds, bathing patients, delivering messages, counting linens, and escorting patients to other departments in the hospital. (Nursing Assistant)

43-*45 Nurse Anesthetist:* Registered nurse, prepared to work under an anesthesiologist or physician in administering anesthetic agents to patients before, and after surgical and obstetrical operations and other medical procedures.

43-*50 Nurse-Midwife:* Assumes responsibility for the care of apparently normal obstetrical patients during pregnancy, labor, delivery, postnatal period.

43-*55 Nurse Practitioner:* Registered nurse prepared to carry out functions previously performed by the general practitioner or physician specialist.

43-*60 Obstetrical Technician:* Assists in the care of mothers in labor and delivery rooms before, during and after delivery under supervision of professional personnel, including hygienic procedures, routine laboratory work, and sterilization of equipment and supplies.

43-*65 Operating Room Technician:* Prepared to be a general technical assistant on the surgical team by arranging supplies and instruments in the operating room, maintaining antiseptic conditions, preparing patients for surgery and assisting the surgeon during operation.

43-70 *Orderly:* Assists the nursing staff in providing car[illegible] patients, performing the heavier work in the nursing unit, maintaining equipment, and administering simple treatment. (Hospital Attendant, Nurse Attendant)

46 VISION CARE personnel work with or carry out the prescriptions of the ophthalmologist and optometrist. Their duties include optic examinations, treatment, and correction of optic disorders by physical or mechanical measures.

46-20 *Ophthalmic Assistant/Technician:* Assists ophthalmologist in eye examinations and in the treatment of eye diseases and disorders.

46-25 *Ophthalmic Dispenser:* Assembles and fits corrective lenses as prescribed by ophthalmologists or optometrists.

46-30 *Optician:* Operates machines to make glasses and contact lenses, and to fit and adjust eyewear as prescribed by the ophthalmologist or optometrist.

46-35 *Optometric Assistant/Technician:* Assists an optometrist in diversified ways, including general office duties, vision testing patients, administering eye exercises, preparing and fitting corrective lenses, and styling eyewear.

46-40 *Orthoptist:* Works under supervision of an ophthalmologist in testing for certain eye muscle imbalances and teaching the patient exercises to correct eye coordination defects.

49 PHARMACY SERVICES personnel assist the pharmacist with selected activities in pharmacy departments to provide pharmaceutical services to patients, nurses, and physicians.

49-20 *Pharmacy Technician:* Assists the pharmacist with selected activities including medication profile reviews for drug incompatibilities, typing prescription labels and prescription packaging, handling of purchase records, and inventory control.

58 PHYSICIAN EXTENDER PERSONNEL render direct and specific assistance to the physician specialist and general practitioner in clinical and research endeavors, taking medical histories, performing detailed physical examinations, and conducting visual, auditory, developmental, and laboratory tests.

58-05 *Physician Assistant-Primary Care:* Prepared to perform physician-delegated functions in the areas of general practice, including family medicine, internal medicine, pediatrics, obstetrics, and emergency medicine.

58-10 *Physician Assistant-Specialist:* Prepared to perform functions delegated by the clinical specialist in specific areas of patient care: urology, surgery, pathology, orthopedics, etc.

61 PODIATRIC SERVICES personnel work under the direct supervision of the podiatrist, performing supplementary duties for the foot specialist.

61-20 *Podiatric Assistant:* Supports the podiatrist in his service to patients by preparing patients for treatment, sterilizing instruments, performing general office duties, and assisting the podiatrist in preparing dressings, administering treatments, and developing x-rays.

67 RADIOLOGICAL SERVICES personnel use ionizing radiation for diagnostic, therapeutic, and research purposes.

67-05 *Medical Radiation Dosimetrist:* Calculates radiation dosage in the treatment of malignant disease and plans the direction of radiation to its target in the safest way.

67-10 *Radiation Therapy Technologist/Technician:* Administers x-ray and electron beam equipment in order to treat disease in patients, and assists in preparing and handling radioactive materials for therapy purposes.

67-15 *Radiologic Technologist/Technician:* Maintains and safely uses equipment and supplies necessary to demonstrate portions of the human body on x-ray film or fluoroscopic screen for diagnostic purposes. (X-Ray Technician)

70 REHABILITATION-OCCUPATIONAL personnel use work-related skills in treating or training patients who are physically or mentally ill, in preventing disability, in evaluating behavior, and in restoring disabled persons to health and social or economic independence.

70-05 *Manual Arts Therapist:* Uses industrial arts, workshops and agricultural activities to assist in the rehabilitation of patients.

70-10 *Occupational Therapist:* Evaluates the self-care, work and play/leisure time task performance skills of well and disabled clients of all age ranges, plans and implements programs, and social and interpersonal activities designed to restore, develop and/or maintain the client's ability to satisfactorily accomplish those daily living tasks required of his specific age and necessary to his particular occupational role adjustment.

70-15 *Occupational Therapy Assistant:* Works under the supervision of an occupational therapist in evaluating clients and planning and implementing programs, and is prepared to function independently when working directly with clients who require an occupational therapy program.

70-20 *Rehabilitation Counselor:* Helps disabled individuals become aware of and secure rehabilitation services designed to fit the disabled person for gainful employment, assists in job placement and checks on job satisfaction after employment.

70-25 *Rehabilitation Counselor Aide:* Aids the rehabilitation counselor in developing and implementing a rehabilitation plan for an individual. Under supervision, he may conduct client interviews, locate and file data about employment opportunities, match clients with jobs available, and locate additional individuals in need of counseling or rehabilitation services.

70 - 30 *Rehabilitation Homemaking Specialist:* Trains disabled homemakers to perform normal household activities in spite of their disability.

73 REHABILITATION-PHYSICAL personnel use physical agents, assistive devices and therapeutic exercise for the prevention of disease and disability, and toward restoration of function to disabled persons.

73 - 05 *Corrective Therapist Adapted Physical Education Director:* Provides medically prescribed programs of therapeutic exercise to physically and mentally ill patients to prevent muscular deconditioning resulting from inactivity and to attain resocialization and specific psychiatric objectives.

73 - 10 *Exercise Physiologist:* Works with clinicians in hospitals with rehabilitation programs to provide exercise stress testing and cardiovascular rehabilitation for patients.

73 - 15 *Orthotic Prosthetic Assistant:* Assists the orthotist prosthetist in caring for patients by making casts, measurements, and model specifications and fitting supportive appliances and or artificial limbs.

73 - 20 *Orthotic Prosthetic Technician:* Fabricates and repairs supportive appliances and or artificial limbs under the guidance of the orthotist prosthetist and his assistant.

73 - 25 *Orthotist Prosthetist:* Writes specifications for and makes and fits braces and appliances and or artificial limbs following the prescription of physicians.

73 - 30 *Physical Therapist:* Uses physical agents, biomechanical, and neurophysiological principles, and assistive devices in relieving pain, restoring maximum function, and preventing disability following disease, injury, or loss of bodily part.

73 - 35 *Physical Therapy Assistant:* Assists the physical therapist by assembling equipment, carrying out specified treatment programs and helping with complex treatment procedures. Other duties include responsibility for the personal care of patients, safety precautions, routine clerical and maintenance work.

76 REHABILITATION-NOT ELSEWHERE CLASSIFIED personnel apply the principles of rehabilitation to diversified areas of therapeutic technique, such as education, fine arts, and recreation, in the administration of rehabilitation groups.

76 - 05 *Art Therapist:* Applies the principles and techniques of art to the rehabilitation of physically and mentally ill patients.

76 - 10 *Dance Therapist:* Applies the principles and techniques of dance to the rehabilitation of physically and mentally ill patients.

76 - 15 *Educational Therapist:* Instructs patients in academic and vocational subjects to further their medical recovery and prevent mental deconditioning.

76 - 20 *Music Therapist:* Uses individual and group musical activities with physically and mentally ill patients to accomplish therapeutic aims, create an environment conducive to treatment, or influence behavior.

76 - 25 *Recreational Therapist:* Plans, organizes, and directs medically approved recreation programs such as sports, trips, dramatics, arts and crafts either to help clients in recovery from illness or in coping with temporary or permanent disability.

76 - 30 *Recreational Therapy Technician:* Assists the recreational therapist in conducting medically approved recreation programs such as sports, trips, dramatics, arts and crafts.

76 - 35 *Rehabilitation Therapy Assistant:* Prepared by a general orientation to various rehabilitation specialties, to assist the professional therapist in carrying out rehabilitation programs.

85 SOCIAL SERVICES AND COUNSELING personnel use individual or group counseling techniques or provide services offered by social agencies to assist individuals in personal and/or social adjustment.

85 - 05 *Alcohol Drug Abuse Specialist:* Advises and assists people in their efforts to overcome personal, family and social problems that are manifested in alcoholism and drug addiction.

85 - 10 *Clinical Pastoral Counselor:* Combines a knowledge of health and religion in counseling the confined ill and disabled.

85 - 15 *Community Health Worker:* Assists people in the community with medical, social, or mental health problems, in finding and utilizing sources of available help.

85 - 20 *Genetic Assistant:* Obtains complete genetic case histories from families of patients with inherited diseases and birth defects to be used in genetic counseling.

85 - 25 *Genetic Counselor:* Counsels clients as to the origin, transmission, and development of hereditary characteristics and their relation to birth abnormalities.

85 - 30 *Homemaker Home Health Aide:* Assists with meals, shopping, household chores, bathing, and the other daily living needs, both physical and emotional of elderly, ill, or disabled persons, working under professional supervision required by the situation.

85 - 35 *Medical Social Worker:* Prepared to identify and understand the social and emotional factors underlying patients' illness and to communicate these factors to the health team, to assist patients and their families in understanding and accepting the treatment necessary to maximum medical benefits and their adjustment to permanent and temporary effects of illness, to utilize resources such as family and community agencies in assisting patients to recovery.

85-*40 Psychiatric Social Worker:* Serves as a liaison between the psychiatrist, patient, and patient's family, to provide counseling and emotional support to the patient, and to contribute to the evaluation and diagnosis of mental disorders as a member of the psychiatric team.

86-*45 School Health Aide:* Assists the physician or nurse with physical examinations and programs to improve or maintain students health.

88 SPEECH AND HEARING SERVICES personnel evaluate, record, habilitate, and research speech and hearing disorders in children and adults.

88-*05 Audiologist:* Evaluates hearing function and performs research related to hearing; plans, directs and conducts habilitative programs designed to improve the communication efficiency of individuals with impaired hearing.

88-*10 Speech/Hearing Therapy Aide:* Assists in testing and evaluating the problems of people with speech and hearing difficulties.

88-*15 Speech Pathologist:* Evaluates, treats, and performs research related to speech and language problems; plans, directs, and conducts remedial programs designed to restore or improve communication efficiency of individuals with language and speech impairments, whether arising from physiological, neurological, or nonorganic causes.

88-*20 Speech Pathologist/Audiologist:* Evaluates and treats, hearing, speech, and language disorders, such as ontological or neurological disturbances, defective articulation, or foreign dialect in children and adults.

91 VETERINARY SERVICES personnel work with the care, use, production, and husbandry of animals in a medical setting.

91-*20 Laboratory Animal Specialist:* Manages the husbandry, production, and use of laboratory animals including responsibility for the sanitation, caging, safety, and nutrition of animals and the business management of the animal laboratory.

91-*25 Laboratory Animal Worker:* Cares for the health of laboratory animals used in research by feeding the animals, cleaning cages, preparing the animals for experiments, administering medications, and keeping records on laboratory procedures.

96 HEALTH PROFESSIONALS NOT ELSEWHERE CLASSIFIED

96-*05 Biostatistician:* Uses statistical theory, techniques, and methods to determine useful measurements or meaningful relationships of quantified information relating to health or disease.

96-*10 Epidemiologist:* Concerned with determining the distribution and causal factors of health problems, encompassing areas such as acute and chronic illness, communicable diseases, behavioral disorders, alcoholism, and drug abuse.

96-*15 Health Physicist:* Directs research, training, and monitoring programs to protect hospital patients and laboratory personnel from radiation hazards; inspects and evaluates standards and decontamination procedures and develops new methods to safeguard man and his environment against unnecessary radiation exposure.

96-*20 Health Physics Technician:* Monitors radiation levels, gives instructions in radiation safety, labels radioactive materials, and assists the health physicist in conducting experimental studies in radiation.

96-*25 Population and Family Planning Specialist:* Use a background in demography, demographic techniques, and reproductive physiology to plan, conduct, and evaluate family planning programs.

96-*30 Public Health Practioner Not Elsewhere Classified:* Professional trained to work in a public health capacity not specifically defined elsewhere in this glossary.

96-*35 Toxicologist:* Concerned with the nature and extent of the injurious response to the ingestion of chemical compounds, and the determination of safe levels of exposure or ingestion in man and other species.

APPENDIX D

TITLES OF PROGRAMS, REPORTED BY RESPONDENT HOSPITALS, NOT CONTAINED IN ABOVE GLOSSARY

Audiometric Technician
Cancer Care (Nurse Related)
Cardiopulmonary (Nurse Related)
Cardiopulmonary/Cardiovascular Technician
Coronary Care (Nurse Related)
Coronary Care/Intensive Care (Nurse Related)
Darkroom Technician
Enterostomal Therapy (Nurse Related)
Family Nurse/Physical Assessment (Nurse Related)
Family Planning Assistant (Nurse Related)
Head Nurse Development (Nurse Related)
Hemodialysis/Renal Dialysis (Nurse Related)
Intensive Care (Nurse Related)
Intravenous Technician (Nurse Related)
Mental Health Administrator
Monitor Technician (Nurse Related)
Neurological/Neurosurgical (Nurse Related)
Nurse Aide/Orderly
Nurse Anesthetist
Nurse Technician (Nurse Related)
Nursery Care (Nurse Related)
Obstetric/Gynecology (Nurse Related)
Orthopedic Technician
Pediatric (Nurse Related)
Pharmacology (Nurse Related)
Physical Therapy Assistant/Aide
Prosector
Psychiatric (Nurse Related)
Psychologist
Pulmonary Function Technician
Radiopharmacy Technician
Radiotherapy Technician (Nurse Related)
Rehabilitation Counselor (Nurse Related)
Rehabilitation Therapy Assistant/Aide
Scrub Technician (Nurse Related)
Surgical (Nurse Related)
Trauma (Nurse Related)
Unit Manager
Urological Assistant

INDEX OF ALL TRAINING PROGRAMS INCLUDED IN THIS DIRECTORY

Page

Alcohol/Drug Abuse Specialist 272
Ambulance Attendant 80
Art Therapist 271
Audiometric Technician 276
Biomedical Engineering Technician 35
Blood Bank Technologist 36
Cancer Care (Nurse Specialty) 218
Cardiopulmonary (Nurse Specialty) 218
Cardiopulmonary Technician 85
Cardiopulmonary/Cardiovascular Technician 87
Cardiovascular Technician 87
Chemistry Technologist 37
Clinical Pastoral Counselor 273
Community Health Worker 275
Coronary Care (Nurse Specialty) 218
Coronary Care/Intensive Care (Nurse Specialty) 218
Cytotechnologist 37
Darkroom Technician 277
Dental Assistant 69
Dental Technician 69
Dialysis Technician 88
Dietary Aide 69
Dietetic Technician 72
Dietitian 73
Dietitian/Nutritionist 76
Electrocardiograph Technician 89
Electroencephalographic/Cardiographic Technician 93
Electroencephalographic Technician 94
Electromyographic Technician 97
Emergency Medical Technician 81
Enterostomal Therapy (Nurse Specialty) 224
Family Nurse/Physical Assessment (Nurse Specialty) 225
Family Planning Assistant (Nurse Specialty) 225
Food Service Supervisor 78
Head Nurse Development (Nurse Specialty) 225

Hematology Technologist 40
Hemodialysis/Renal Dialysis (Nurse Specialty) 225
Histologic Technician 41
Homemaker/Home Health Aide 276
Hospital Assistant Administrator 9
Intensive Care (Nurse Specialty) 226
Intravenous Technician (Nurse Specialty) 226
Licensed Practical Nurse 142
Medical Laboratory Assistant 48
Medical Laboratory Scientist 54
Medical Laboratory Technician 54
Medical/Dental Secretary 9
Medical Photographer 85
Medical Record Administrator 105
Medical Record Technician 105
Medical Social Worker 276
Medical Technologist 56
Medical Transcriptionist 106
Medication Pharmacy Technician 235
Mental Health Administrator 109
Mental Health Associate/Technician 109
Mental Health Technologist 111
Mental Retardation Aide 111
Monitor Technician (Nurse Specialty) 228
Neurological/Neurosurgical (Nurse Specialty) 228
Nuclear Medicine Technologist/Technician 122
Nurse Aide 149
Nurse Aide/Orderly 177
Nurse Anesthetist 188
Nurse Technician (Nurse Specialty) 228
Nurse Midwife 196
Nurse Practitioner 196
Nursery Care (Nurse Specialty) 229
Nutritionist 80
Obstetric/Gynecology (Nurse Specialty) 229
Obstetrical Technician 197
Operating Room Technician 199
Ophthalmic Assistant/Technician 234
Orderly 208
Orthopedic Technician 268
Orthoptist 234
Orthotic/Prosthetic Assistant 269

Orthotic/Prosthetic Technician . . . 269
Orthotist/Prosthetist . . . 269
Pediatric (Nurse Specialty) . . . 229
Pharmacist . . . 235
Pharmacology (Nurse Specialty) . . . 230
Pharmacy Technician . . . 235
Physical Therapy Assistant/Aide . . . 270
Physician Assistant-Primary Care . . . 238
Physician Assistant-Specialist . . . 239
Prosector . . . 277
Psychiatric (Nurse Specialty) . . . 231
Psychiatric Aide . . . 113
Psychologist . . . 121
Pulmonary Function Technician . . . 97
Pump Technician . . . 97
Radiation Therapy Technologist/Technician . . . 239
Radiologic Technologist/Technician . . . 241
Radiopharmacy Technician . . . 126
Radiotherapy Technician (Nurse Specialty) . . . 233
Recreational Therapy Technician . . . 271
Registered Nurse . . . 127
Rehabilitation (Nurse Specialty) . . . 233
Rehabilitation Counselor . . . 268
Rehabilitation Therapy Assistant/Aide . . . 272
Respiratory Therapist . . . 98
Respiratory Therapy Technician . . . 100
Scrub Technician (Nurse Specialty) . . . 233
Speech/Hearing Therapy Aide . . . 277
Surgical (Nurse Specialty) . . . 233
Trauma (Nurse Specialty) . . . 234
Unit Clerk . . . 9
Unit Manager . . . 32
Urological Assistant . . . 68
